THE POWER TO H.E.L.P. BLOOD DRIVE

IN HONOR OF

ASHER STRONG

PEDIATRIC
H.E.L.P.
ORGANIZATION

Two years ago, Asher became seriously ill with PANDAS (Pediatric Autoimmune Neuropsychiatric Disorder Associated with Streptococcus), an immune-related illness that dramatically changed his life. What began with tics, anxiety and OCD progressed to loss of speech, inability to walk, severe food restrictions and a four-month hospitalization.

Today, Asher is home and still relies on IV nutrition through a central line, but with treatment, his family is finally beginning to see his health improve and his spark return.

The Power to H.E.L.P. Blood Drive is being held in honor of Asher—to support him, raise awareness for PANS/PANDAS, and bring the community together as we rally behind his family.

TUESDAY, NOVEMBER 17 | 10 AM – 3 PM

Oak Park Community Center · Buena Vista Room

1000 Kanan Road • Oak Park, CA 91377

GIVE BLOOD

Scan the QR code or go to [ucedonor.com](https://www.ucedonor.com), click **Blood Drives** and enter **Power to Help**. *Appointments are highly encouraged.*

SUPPORT ASHER'S FAMILY
